

## Phalanx Medical PPE Sourcing Solutions

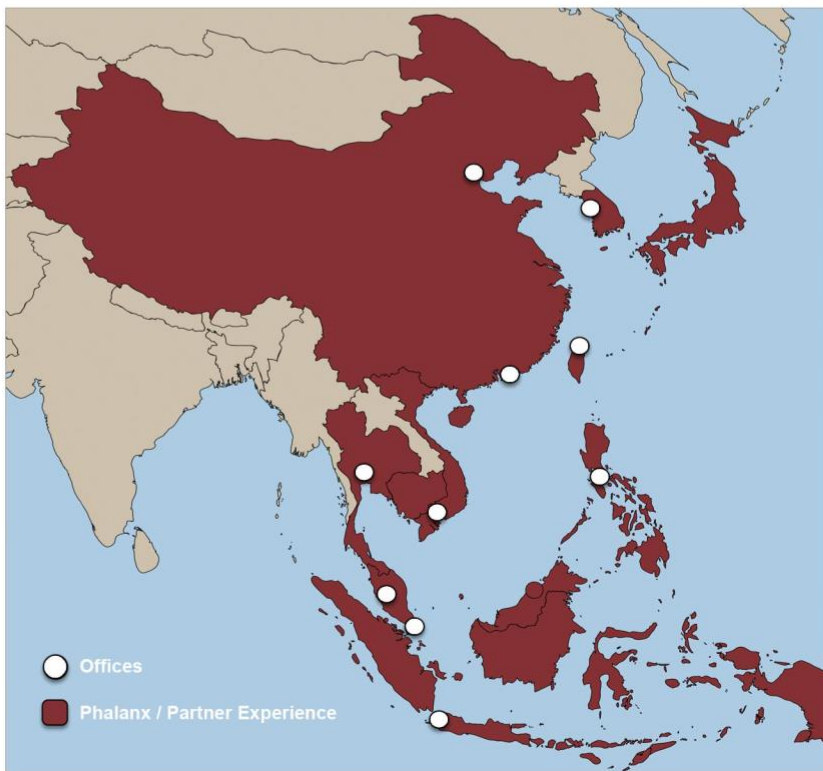

### Secure, Uninterrupted, and Timely Deliveries

Phalanx Group International (Phalanx) maintains a global network of CE/FDA certified Medical PPE manufacturers and IATA Licensed Agents with all major airlines for the rapid delivery of Medical PPE to the U.S. Our team of procurement and logistics specialists develop exact solutions to meet the challenge of sourcing in-demand Medical PPE items to support our nation's COVID-19 recovery efforts.

Phalanx, through its partners, maintains an extensive network of local handling agents throughout Southeast Asia. We continuously arrange air shipments to and from China, Korea, Malaysia, Taiwan, Vietnam and other Southeast Asian countries for customers in various end markets. We offer fully integrated door-to-door logistics services include customs brokerage, warehousing, and domestic line haul trucking.

- Singapore to Japan – 3 x 747-400s
- Korea to U.S. – 8 x 747-400s
- U.S. to China – 747-400

## Responsible Prospective Contractor

Phalanx is a current prime contractor to the U.S. Department of Homeland Security (**DHS**), Federal Emergency Management Agency (**FEMA**), providing critical Medical PPE items in support of our nation's COVID-19 recovery efforts. Likewise, Phalanx provides global logistics services to the U.S. Department of State (**DOS**) on the Global Anti-Terrorism Assistance (GATA II) and Special Program for Embassy Augmentation and Response (SPEAR) Programs. Last year alone we provided logistics support on 672 tasks orders across 65 countries under the DOS GATA II and SPEAR Programs. Phalanx is a responsible prospective contractor per FAR Subpart 9.1.

**Focus. Experience. Results.**
